

activity ARCHITECTURAL INNOVATION - INVERTED URBANISM
WORKSHOP ETSAB SUMMER SCHOOL

The international Summer workshop in Architecture: IIT-ETSAB is a ten day workshop organized by both the Illinois Institute of Technology and Polytechnic University of Catalonia. It is an architectural, urban planning and design workshop focused on a small region of Catalonia, La Terra Alta and will be led by a diverse group of faculty members from IIT, Chicago and ETSAB, Barcelona. The course offers participants an unrivaled international learning experience within Barcelona's city and regions.
